<p>For each control, you should be able to answer yes to these questions:</p> <ul style="list-style-type: none"><input type="checkbox"/> Have you discussed the hazards and controls with the Workers?<input type="checkbox"/> Have provided training for these control measures?<input type="checkbox"/> Have you saved a copy of this risk assessment?	

COVID-19 - FIELD LEVEL RISK ASSESSMENT FOR WORKERS

Reassess and update as circumstances change or new hazards are identified.

General Safety Precautions

To reduce the risk of transmission, ensure the following safety precautions are implemented:

- Staff must maintain a distance of 2 meters between themselves and customers at all times
- Staff should wash their hands regularly with soap and water or use hand sanitizer if soap and water are not available.
- Hand sanitizing stations should be installed in areas frequently touched by staff and customers.
- Staff should be provided with disposable gloves for handling money and garbage.
- Frequently touched areas should be disinfected more often.
- Staff should be educated about healthy respiratory practices

While doing your job, follow safe work practices:

- Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water
- Maintain a distance of 2 metres (6 feet) between yourself and others
- Do not touch your face
- Use disposable gloves when handling items others have touched
- Regularly clean and disinfect communal equipment such as telephones, keyboards, cash registers
- Encourage customers to pay electronically whenever possible
- Place signage or other visible indicators to promote social distancing in lines or waiting for service
- Limit the number of customers in the business at any given time
- Can you reduce the number of staff of each shift, can staff work remotely or can you add more shifts?
- Wear protective gloves when handling garbage and clean your hands with soap and water when done
- Regularly disinfect high touch items such as toilets, sink taps, handles, door knobs, light switches, cellphones, frequently throughout the day
- Follow good respiratory hygiene practices: cover your mouth and nose with your elbow or a tissue when you cough or sneeze, and throw the tissue away when done
- When you wear a mask, be sure to clean your hands before putting the mask on, and after removing and properly discarding it.
- Do not touch the front of the mask while you wear it.
- Do not touch the front of your mask to remove it.
